

Questions and Answers for the Urban Model Improvement Program (UMIP) RFP

Question 3: Could you make available the list of consultants who have received a copy of this RFP?

Answer: That information is not available as the UMIP RFP was not sent to any consultants. The RFP was only advertised with a web link to the MDOT site. There is no way of knowing who has a copy and who does not.

The advertisement locations were as follows: TMIP list serve, TransCAD yahoo group, ITE website, APA Planning Website, and the MDOT website.
